### 2015 Comment

This Rule has been revised to streamline the procedure for protecting personal information in a filed document. On the filing of Local Form *Application Requesting Redaction of Personal Information*, the application and the document containing the personal information will be immediately restricted from public viewing until the court enters Local Form *Order Directing Redaction of Personal Information* and the entity that originally filed the document or such other entity as the court directs files the redacted document. Notice of the redaction is required under the Local Form *Order Directing Redaction of Personal Information*.

The procedure for obtaining redaction of personal information contained in a transcript is derived from the Judicial Conference Policy on Privacy and Public Access to Electronic Case Files.

Bankruptcy Rule 9018 addresses the protection of other kinds of sensitive information.
